Avg. g of CO₂/kWh: status quo 2015 & target values

EU building stock 2015 from www.entranze.eu,

Emission values from iinas.org/gemis.html, own calculations

Vasco Ferreira

Policy officer

DG Energy, European Commission

The EPBD Review

- Simple
- Smart
- Supportive

Adrian Joyce

Secretary General
EuroAce

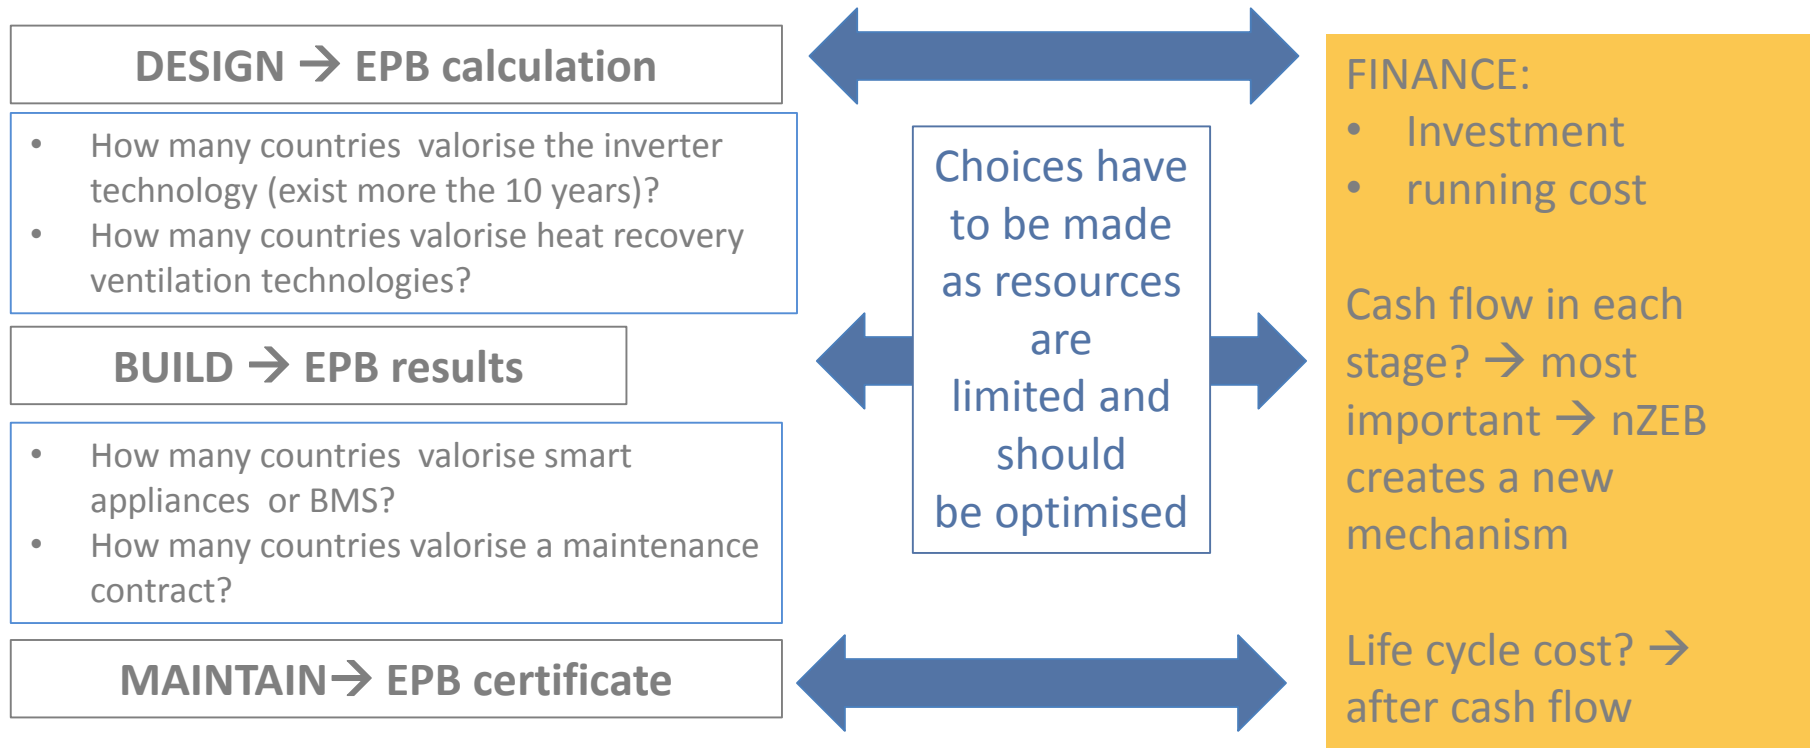

Martin Dieryckx

General Manager
Daikin Europe

Keys to valorise innovation in the market

A unified approach in Europe is most important to accelerate innovation and energy saving.
The present national approach is delaying the introduction of innovation.

Q&A
