

## **Joan Miró Ramos**

- Export Director, S&P Sistemas de Ventilacion
- Chairman, European Ventilation Industry Association (EVIA)

Born in Barcelona in 1962, Joan Miró Ramos studied mechanical engineering and a post-degree in Industrial Ventilation. He joined the SOLER & PALAU Group in 1988, where he has the responsibility of Export Director, having developed before different positions within the Group, always related to technical support and commercial activities in connection to international business.

Joan Miró Ramos has been actively participating in EVIA since the very beginning of the association, first within the Fans Working Group and later on at the Steering Committee as a Director since 2012. In May 2015, he was elected to hold the position of Chairman.
