Heating, Cooling & Ventilation: Sustainable technologies for a better life

Jürgen Fischer
President, Danfoss Cooling

Jürgen has broad leadership experience from global industrial companies within IT, telecommunication, and machine-building. He is passionate about the digital transformation in the cooling sector and constantly challenges innovation to leverage e.g. the potential of energy storage across Danfoss.

In 2008, Jürgen joined Danfoss as Vice President for Industrial Automation, and in 2010, he became Senior Vice President for Automatic Controls. In 2013, he was appointed President of the Refrigeration and A/C Division, and since 2015, Jürgen Fischer has been President of Danfoss Cooling.

Jürgen holds a Master's Degree in Economics from the University of Augsburg. In addition, he holds several degrees from executive education programs at INSEAD and IMD and is a member of the Steering Board of EPEE - the European Partnership for Energy and the Environment.
