Heating, Cooling & Ventilation: Sustainable technologies for a better life

## **Thorsten Herdan**

Director General Energy policy department,  
Federal Ministry for Economic Affairs and  
Energy  
Germany

Thorsten Herdan (Dipl. Ing.) was appointed Director General for energy policy–heating and efficiency in the Federal Ministry for Economic Affairs and Energy as of June 2014.

He previously held the positions of managing director of the professional association for producers of power systems and the professional association for producers of engines and systems (both members of the German Engineering Federation, VDMA), of managing director of the Research Association for Combustion Engines (FVV), and of managing director of the German Engineering Federations' Energy Forum, which is in charge of developing the Federation's energy policy.

Mr Herdan served on the Board of the European Association of Internal Combustion Engine Manufacturers (EUROMOT), on the Board and the Supervisory Board of the European Wind Energy Association (EWEA), and as Vice-President of the Offshore Wind Energy Foundation.
