

Europe's energy policy in pursuit of the SDGs

Prof Dirk Buschle

EUREKA Conference 2019

europa's energy policy in pursuit of the SDGs

- energizing the college of europe
 - energy policy at the CoE ...
 - ... in times of climate change and decarbonisation
 - it's all about governance
- the CE4ALL: a new governance
 - targets: quantification and subsidiarity
 - national energy and climate plans
 - sectors and sector coupling

Europe's energy policy in pursuit of the SDGs

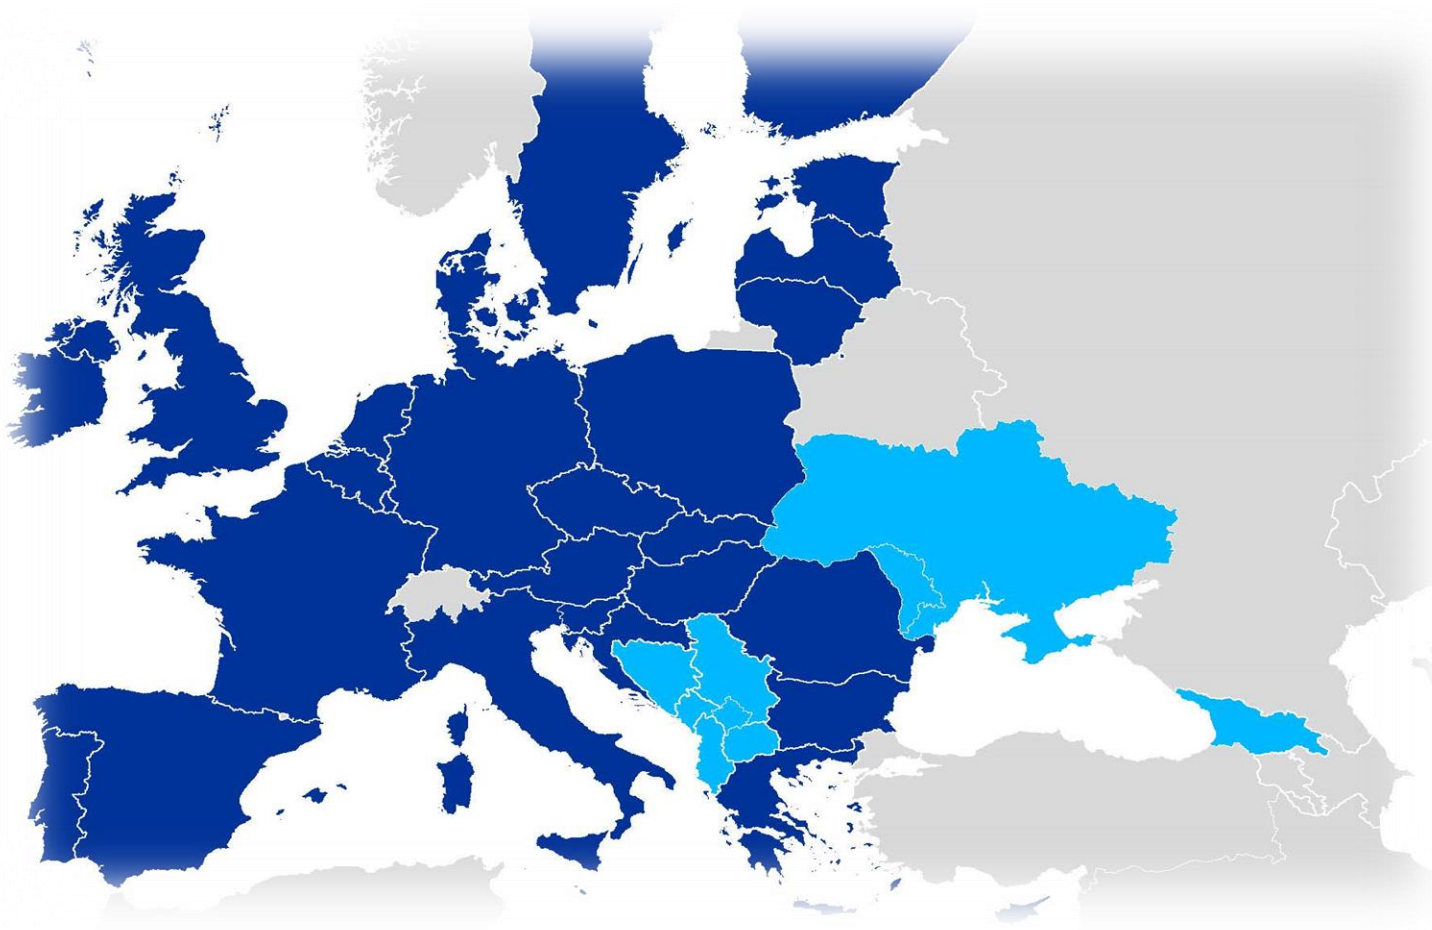

- heating and cooling in particular
- an upgraded regime in the CE4ALL
 - renewable energy
 - energy efficiency
- where the potential still exceeds regulation: promoting district heating in the energy community

Europe's energy sector in pursuit of the SDGs

IBERDROLA Manuel Marín Chair for
european
energy policy
